COMPANY INFORMATION

The décor in our interior spaces tells the stories of our lives. Reflecting the memories we cherish, the pursuits we enjoy, our family history and all the things that interest or matter to us. With some pieces chosen for their tangible connection, others purely for their aesthetic appeal. At Authentic Models, we combine the two through elegantly handcrafted furniture, objects and ornaments which capture the essence of an era or interest via meaningful and surprising design. Inspired by the adventurous spirit which led to many ingenious creations, our collections celebrate travel, exploration and endeavor. Treading in the footsteps of history while also exploring beyond the beaten track.

To complement the pieces which thoughtfully represent the past, we also create original new designs with a daring contemporary twist. Keeping time honored backstories alive in all kinds of ways, with character and quality that complements every personal style, to fit in with both modern and traditional settings. If Style, Leisure, Adventure and Travel drives you in your daily life then we invite you to explore our website and collections.
